

# Which UNT Math Class<sup>†</sup> is Right for Me?

- Please consult your academic advisor to ensure you select a course which fulfills degree requirements for your intended major(s).
- Students who feel prepared to take a math course beyond their placement level are encouraged to take the math placement test.
- Math placement is valid for **one school year**

†This page only covers college-level courses. Students who are not TSI complete or who are unsure of their TSI status should consult the Learning Center, (940) 369-7006.

## Entry Level Courses open to any student TSI complete in math

**Journalism, Arts, College of Liberal Arts and Social Sciences, Health and Public Service, Music, Merchandising and Digital Retailing, Hospitality, and Tourism, Data Science, College of Information, College of Education (other than Interdisciplinary Studies)**

These non-technical courses satisfy University core but do not meet prerequisites for higher-level math courses. Some majors & programs require or prefer Math 1680. Data Science majors must take Math 1680. All other majors should consult an advisor for help selecting between Math 1580 and Math 1680.

**Math 1580**  
Survey of Math

or

**Math 1680**  
Elementary Probability  
& Statistics

**Business, BA Economics and Interdisciplinary Studies**  
EC—6th Grade

Math 1180 does not meet prerequisites for Pre-calculus or other science or engineering math.

**Math 1180**  
College Math for  
Business & Econ

C or better needed for 1190  
and for 1350

**Math, Science, Engineering and BS Economics**

New students are encouraged to take the math placement test to see if they may begin in a higher level course.

**Math 1100 — Algebra**  
Math 1100 serves only as a prerequisite course and **does not** satisfy the University core.

C or better needed for Math 1650

**Interdisciplinary Studies 4th-8th Grade (College of Education)**  
This chart does not apply to 4th-8th Grade Interdisciplinary Studies Majors. 4th-8th Grade Interdisciplinary Studies majors should always consult an advisor before enrolling in any mathematics course.

## Placement Level 2

**Interdisciplinary Studies, EC—6th Grade (College of Education)**

**Math 1350**  
Math for Elem Ed I

**Math 1351**  
Math for Elem Ed II

**Business, and BA Economics**

Math 1190 does not meet prerequisites for higher-level math classes. Business students planning advanced quantitative study are encouraged to follow the science/engineering track instead.

**Math 1190**  
Business Calculus

**Math, Science, Engineering, and BS Economics**

This track is also recommended for business students planning advanced quantitative study. Consult an advisor.

**Math 1650**  
Pre-calculus

C or better needed for Math 1710

**Placement Level 3**

Placement into Level 3 requires one of the following:  
(1) Placement via the math placement exam;  
(2) A "3" or higher on an AP Calculus exam; or  
(3) Prior college credit for Pre-calculus or Calculus I

**Math 1710**  
Cal I  
C or better needed for Math 1720

**Math 1720**  
Cal II  
C or better needed for most higher-level
