Which UNT Math Class† is Right for Me? Effective Fall 2021

- Please consult your academic advisor to ensure you select a course which fulfills degree requirements for your intended major(s).
- Students who feel prepared to take a math course beyond their placement level are encouraged to take the math placement test.
- Math placement is valid for one school year.

†This page only covers college-level courses. Students who are not TSI complete or who are unsure of their TSI status should consult the Learning Center, (940) 369-7006.

**Entry Level Courses** open to any student TSI complete in math

- **Journalism, Arts, College of Liberal Arts and Social Sciences, Health and Public Service, Music, Hospitality, and Tourism, Data Science, College of Information, College of Education (other than Interdisciplinary Studies)**
  
  These non-technical courses satisfy University core but do not meet prerequisites for higher-level math courses. Some majors & programs require or prefer Math 1680. Data Science majors must take Math 1680. All other majors should consult an advisor for help selecting between Math 1580 and Math 1680.

  - Math 1580 — Survey of Math
  - Math 1680 — Elementary Probability & Statistics

**Placement Level 2**

- **Interdisciplinary Studies, EC—6th Grade (College of Education)**
  - Math 1350 — Math for Elem Ed I
  - Math 1351 — Math for Elem Ed II

- **Business, BA Economics and Interdisciplinary Studies EC—6th Grade**
  - Math 1180 — College Math for Business & Econ
  - C or better needed for Math 1350 and 1190

- **Math, Science, Engineering and BS Economics**
  - Math 1100 — Algebra
  - Math 1110 serves only as a prerequisite course and does not satisfy the University core.

**Placement Level 3**

Placement into Level 3 requires one of the following:

1. Placement via the math placement exam.
2. A “3” or higher on an AP Calculus exam; or
3. Prior college credit for Pre-calculus or Calculus I

- Math 1710 — Calculus I
  - C or better needed for Math 1720
- Math 1720 — Calculus II
  - C or better needed for most higher-level math
